

The Paducah Evening Sun.

VOL. XXVI NO. 88.

PADUCAH, KY., WEDNESDAY EVENING, OCTOBER 13, 1909

TEN CENTS PER WEEK

OILED STREETS ARE REQUESTED BY MANY PEOPLE

Board of Works Has Requests
From Residents Nearly
Every Day.

Traction Company Will Now
Sprinkle Tracks.

CALDWELL BRIDGE REPAIRED.

That the oil being used on the streets of Paducah is a success is demonstrated by the great many petitions the board of public works is receiving every day from residents asking that their street be sprinkled with it. When the first oil was spread, there was a little kicking, which lasted probably a day, or until the value of it was plainly seen, and since then nearly every portion of town has asked for oiled streets. The board received another car of oil today, which will be the last used this year, and will oil the following streets:

Broadway, from Fountain avenue to the limit; Fountain avenue from Broadway to Monroe; Sixth from Clay to Trimble; Monroe from Ninth to Twelfth; Fifth from Kentucky avenue to the N. C. & St. L. depot.

The traction company, at the request of the board of works will now sprinkle its tracks on the entire system, excepting on the improved streets. It will try a tar composition, oil will be used. This will do much to allay the dust, as nothing stir it up as much as the swiftly moving street cars.

At the request of the board of works, the I. C. and the N. C. & St. L. will lay plank in their tracks at every street crossing, and the work has already been started.

The board of public works has done splendid work this season on all of the streets, and will have them in good condition for the winter weather. Today the lumber was received to repair Caldwell street bridge and the work will be done at once.

URGES UNIONS TO "GO SLOW."

Building Trades Head Deplores Haste in Sympathy Strikes.

Tampa, Fla., Oct. 13.—Conservatism of action on the part of the labor organization under his supervision was the keynote of the annual address of James Kirby, president of the building trades department of the American Federation of Labor, at the second annual convention of the department.

"While we cannot for one moment surrender our right to take sympathetic action where a sister organization is in peril," he said, "yet oftentimes building trades councils are prone to hasty action on the theory that quick action must be taken or the job on which the work is being done may be completed."

"Admitting that on small buildings this may be true, I am of the opinion that it would be better to complete the job on which the contention arose, providing a repetition can be prevented, than to endanger the dissolution of the council."

Mrs. Belmont Will Try to Capture New York Legislature.

As a result she has instituted a new form of campaign, the object being to defeat every nominee for the legislature who does not favor her cause.

The first "Get Together" dinner of the Commercial club, which was held at the Palmer House last night, was a great success indeed. "We should work as one man for Paducah's good, and while we should not pay any one to locate here, we should strive to make the city so attractive and such a desirable place in which to live, that many will not be content to stay away, but will be attracted to our city for this reason," he said.

Mr. Utterback gave way to Earl Palmer, former president of the club, who spoke at length on the advantages of co-operation, the prospects ahead for the city and the Commercial club.

It was decided to have another dinner at the Palmer on the 26th, and it will be at the noon hour.

BISHOP HENDRIX DEDICATED NEW LONE OAK CHURCH

New Methodist Edifice is a Monument to Efforts Rev. J. W. Naylor.

The Bishop Was a Guest in the City.

GOOD WORK AT WICKLIFFE

Bishop Eugene R. Hendrix of Kansas City, Mo., arrived in the city last evening from Wickliffe where he dedicated the new Methodist church of that place yesterday morning. He accompanied the Rev. J. W. Blackard, presiding elder of the Paducah district which includes Wickliffe, and was the guest of Dr. Blackard at the district parsonage, 1194 Jefferson street, last night. A number of friends of Bishop Hendrix, who has visited Paducah on several occasions, called during the evening.

Bishop Hendrix went out to Lone Oak this morning and dedicated the recently completed Methodist church of that section today. The Rev. J. W. Naylor is the pastor of Lone Oak and the church is a splendid monument to his executive ability and the consecrated enterprise of the members. There is no indebtedness on the church. Bishop Hendrix preached a sermon of strength and power. He is a rare pulpit orator, a student with an ever-broadening outlook as well as a leader of men. At Wickliffe yesterday—in addition to the magnificent sermon he delivered, he raised \$1850, paying off the entire indebtedness of the church. It was a great day for Wickliffe Methodists.

Bishop Hendrix left this afternoon for Nashville, Tenn., and will hold some Georgia and South Carolina conferences that were to have been presided over by the late Bishop Seth Ward, before convening the Memphis conference in November.

A committee from the official board of the Broadway Methodist church consisting of Messrs. H. C. Rhodes, W. A. Martin and W. L. Young waited on Bishop Hendrix last evening bearing the unanimous request of the board passed at the meeting on Monday evening, that the Rev. G. T. Sullivan be returned as pastor of Broadway church for the next year. Resolutions complimentary to the splendid work of Dr. Sullivan as man and pastor were passed by the board; also of Dr. Blackard's fine record as presiding elder of the district. Dr. Blackard has served the full time-limit of four years and in the Methodist economy, will have to be changed, but Dr. Sullivan can be returned for two more years.
